

* Not Drawn to Scale.
For Measurement Purposes Only.

-  Made from reclaimed rubber or recycled rubber shred.
-  Solvent free blocked resin formulation to help prevent any reaction with membranes.
-  50 Year warranty ([See full details on website](#))
-  Cradle sits directly on membrane with no adhesive or fastener between cradle and the membrane.
-  Designed to take P&G H3.2 timber for external use.
-  P&G 50mm thick timber is recommended, leaving 1mm either side in the Cradle.
-  Rough Sawn 50mm can be used and squeezed inside.
-  Dekcradle™ can be used for both internal and external applications.
-  Brown in colour to ensure no mistaken use against other cradle.
