
ACM550

Pat. Pending No. 713767

Equipment Mounting Block

ACM550 is an acoustic equipment mounting block, designed specifically for use on membrane surfaces. The ACM550 is installed on top of the membrane surface with approved dab of locating adhesive and doesn't require mechanical fixing. Typically used as a support device for air conditioning units and most mechanical plant. The ACM550 provides sound and impact absorption, is easy to install and is non-invasive on both membrane and applied waterproofing products.

- ✓ Easy to install
- ✓ Protects Membrane Surfaces
- ✓ Sound & Impact Absorption
